Formal garden on our grounds at Neosho. This Picture was taken about three months after planting.

### A Safe Place to Buy

In the purchase of most articles you must rely upon the integrity of the seller. That is particularly true with trees and plants since most people do not know the quality, they cannot see vitality nor distinguish varieties.

The Neosho Nurseries own over 400 acres of land, a 25-acre apple orchard, stock blocks for propagation of true-to-name trees and plants and the best of equipment. Our office and packing house cover an area of 37,000 sq. ft.

Our organization of experienced men and women, experts in growing, handling and shipping nursery stock, in orchard planting and operation, and in land-scaping, keep in mind the spirit of our slogan, "Yours for Growing Satisfaction."

The Neosho Nurseries is a safe place to buy, as customers in every state testify.

NEOSHO NURSERIES CO.

President.

View of our buildings at Neosho from the South.

Throughout the country the old-fashioned, unsightly, useless rear and side yards are being converted into beautiful Outdoor Living Rooms—the outward symbols of prosperous, modern, happy homes. The collection below may fit your needs and give you the right start.

## Let Us Plan **Your Outdoor** Living Room

The back yard transformed into an outdoor living room by the proper use of plant materials pays large dividends in beauty of flowers and foliage, as a playground for the children, for the entertainment of guests, and for the enjoyment and comfort of the entire family. It will also add greatly to the cash value of your property.

The creation of an Outdoor Living Room is a simple matter. It need not be expensive, and if planted this fall it can be enjoyed next summer.

There are certain fundamental principles in all arts which must be followed in order to secure harmonious, artistic results. That is quite apparent in the art of landscaping. In order that home grounds, or the Outdoor Living Room, may present a pleasing picture there must be harmonious arrangement of suitable plant materials, garden furniture, and other objects. This requires a knowledge of the form, foliage, bloom and habits of growth of trees, shrubs, vines, perennials, etc. If you do not have sufficient confidence in your own ability to plan your grounds look at opposite page and see how you can secure our expert advice at no cost to customers. Act now-the planting season is limited.

### Screen Shrub Collection A

25 Shrubs Delivered East of Denver for \$8.68 Cash **Subject to Prior Sale** 

Key Variety Size Color A=2 Althea, 2-3 ft., Pink Grows 8-12 ft., blooms July-September. B=3 Mock Orange, 2-3 ft., White Grows 8-12 ft., blooms May. C=3 Hydrangea

A. G., 18-24 in., White Grows 3 to 5 ft., blooms June-Sept.

D=3 Golden Bell, 2-3 ft., Yellow Grows 6-8 ft., blooms March.

E=5 Rosa Rugosa, 2 yr.,

No. 1, Red
Grows 3 to 5 ft., blooms May.

F=3 Spirea Van

Houttei, 2 3 ft. Williams

Houttei, 2-3 ft., White Grows 6-8 ft., April or May.

Grows 6-8 ft., blooms April or May. H=3 Hydrangea
P. G., 18-24 in., White
Grows 5 to 7 ft., blooms July to Oct.

This beautiful foundation planting increases the value of the house ten times the cost of the plant material, not to mention the satisfaction of the owner and his family. Planting design, number of each shrub required and the sizes we will furnish are stated below.

### Foundation Collection A

26 Shrubs delivered east of Denver \$8.16 cash-subject to prior sale.

	**	· ·	0.1	2	Mature
Key	Variety	Size	Color	Season	Height
1==4	Spirea Van Houttei.	2-3 ft.	White	April or May	6-8 ft.
2 = 2	Japanese Barberry1	8-24 in.	Red Berries	Fall	3-5 ft.

	NOTE—Hydrangeas		pruned bac	ek in late wi	nter to
abou	t 2 ft. from the groun	id.			

### How to Enjoy Neosho Landscape Service

UR Landscape Service is available to you even though your home is in a distant state. Send us a sketch and full information as specified below. We will then prepare a detailed plan, incorporating original ideas which will enable you to secure practical artistic effects which will increase the attractiveness, enjoyment and value of your property.

With this information send us your check for \$5.00 which will be applied on the purchase price of the trees, plants, etc., when your order is received.

The plan we submit for your approval will show the exact location of each tree, shrub, etc., and will furnish an accurate guide for planting. At the same time we will give you an estimate of the cost of the plant materials required.

Example of rough sketch sent by customer.

We Need This Information We Need This Information

The drawing at the left shows how to prepare a rough sketch (not drawn to scale) to supply the information we must have. Please answer all questions fully.

Give all dimensions of building and lot. Show location of all trees and shrubbery on place. Show location of all trees and shrubbery on place. Show location of all walks, drives, etc.

Give all grades, show terraces, etc.
Show any objectionable views to be screened.
Attach kodak views, taken from north, south, east and west sides of lot, if possible.
Show where windows in first floor are placed. Is the house one, two or three stories?
Color of house—brick, frame or stone.
Height of foundation and windows.
Do you like a lot of shrubbery?
Do you want any hedges?
Where preferred?
Do you want a toocate trees, drives and walks?
Do you want a rose bed?
Do you want a rose bed?
Do you want any fruit trees?
Do you want any fruit trees?
Do you want a vegetable garden?
Where preferred?
What is the character of soil?
State how much you are willing to spend, also if you wish to plant part this season and the balance next season.
NOTE—Your sketch need not be drawn to scale, just so you give us correct dimensions.

NOTE-Your sketch need not be drawn to scale, just so you give us correct dimensions.

TERMS-10 per cent deposit with order and balance before shipment. Under \$10.00 all cash with order.

# Better Trees and Plants

QUANTITY RATES apply on trees or plants of the same class. 25 apple or crabapple take the 25 rate, but 5 apple, 5 peach, 5 cherry and 5 plum take the 5 rate. 5 shrubs of several varieties take the 5 rate.

# Special Get-Acquainted Offers

We were fortunate in having enough rain but particularly successful with some sorts, so we are sharing our good fortune with our customers.

Over one-half of our orders came from our old customers—full endorsement of our products and service. You, too, can enjoy "Growing Satisfaction."

Terms—Cash with order—Satisfaction guaranteed upon arrival. Subject to prior sale.

### **Demonstration Orchards**

There are first-class trees, just the same as our commercial customers have used with highly satisfactory results. Remember you must cut the tops back after planting and what you then have left makes the foundation of your orchard. Graded as they are, by diameter, you will have a uniform lot of trees, all with the same size trunks and with good root systems.

APPLE-1 yr. 3/8 in. up diameter, 3 to 4 ft.
